ATHLETIC DIRECTOR'S Message

It is customary in the fall edition of Megaphone to look back at the past year and celebrate our successes. While I certainly could fill an entire column with those successes, both on the field and off, I want to take this opportunity to turn the lens around and take a view of the future. What we have before us in the next few months and over the next few years is ... well, it's special! It is unique in terms of being very much Macalester-esque, but also unique in the sense of many things converging at one place and at one point to create spectacular possibility.

Travis Feezell

As I've mentioned in past columns, our new Athletic and Recreation Center (the MARC) will be complete in August 2008. It is no longer the specter of an idea, but instead is something real and tangible. Right now, you must imagine huge concrete cast panels being placed to demarcate the walls and space of the building. I can see the outline of the pool and the gym, and I can see the windows that will let light into the building as well as illuminate our presence in the community. I see the pillars for the post-tension floor, which will serve as the indoor field house and track. And perhaps most importantly, I can imagine our work (and play!) in this building. You see,

it's not just a structure that I see, but rather possibility. It's the possibility to do things efficiently and exceptionally, and it's the possibility to change the impact that athletics can have on our campus. This facility gives vitality to our important work with student-athletes and the Macalester community.

You need to also imagine changed tennis courts and baseball/softball fields. Though the MARC project has certainly captured the attention of our community, we will also renovate and recondition our other outdoor play spaces. Yes, we will be resurfacing the tennis courts this summer in addition to constructing new baseball and softball fields. The softball facility is a necessity because the MARC will expand into the interior of campus onto what once was the softball field. The baseball field will be reconstructed and oriented in a different fashion to take advantage of shared press box facilities and spectator seating. This new alignment will also present advantages for practice fields for

The Macalester Athletic and Recreation Center (MARC) rose from the ground as the first of 347 pre-cast concrete panels were set into place at the end of May. The concrete in the panels would be enough to make a three-foot-wide sidewalk 14 miles long.

goes electronic

Beginning with the winter issue, Megaphone will be delivered to you electronically, allowing

- More up-to-date news of athletics
- Availability to you wherever you access the Internet—at home, at the library, while traveling
- More efficient use of your gifts by saving on printing and mailing

To ensure that you don't miss an issue, please email Office Manager Deanna Cahoon at cahoon@macalester.edu with your preferred email address, or return the enclosed postcard. If you prefer to continue receiving a paper copy of Megaphone through the mail, use the same postcard to tell us so.

40 ALUMNI PARTICIPATE IN ANNUAL TENNIS EVENT

The fourth annual Mac Alumni/Varsity tennis match was held at the six campus tennis courts on Sunday, April 15. Over 40 alumni and varsity players met on a beautiful, 65-degree afternoon for some spirited match play. In between the two rounds of matches, the following occurred: a team contest which was again won by a group led by alumnus Jason Lardy; Head Coach Jason Muhl's speech on current teams; and an appearance by Jack Roach '57, MIAC singles champion (once) and MIAC singles runner-up (twice). All players had the opportunity to socialize after their tennis play, while enjoying food and beverages. If you could not attend this year, plan on being in attendance next spring—contact Mike Vidmar '89 at mikeandsj@msn.com.

Female alumni in attendance: Sayoko Nakamura, Lori Dietz, Julie Colby, Christy Hagstrom, Sarah Crangle and Chelsea Stinson.

Male alumni in attendance: Jack Roach, Randy Knutson, Dave Colby, Rob Nutt, Matt Crosby, Spencer Edelman, Jay Lardy, Philippe Duliere, Jake Dupre, Nick Werth, Johan Fryklund, Jeff Falk, Peter Loken and Mike Vidmar.

TWO NAMED MIAC COACHES OF THE YEAR

A pair of Macalester head coaches were named MIAC Coach of the Year by their peers during the 2006–07 school year: Ellen Thompson from women's basketball and Martha Nause from women's golf.

SCHLEUDER HONORED BY USA VOLLEYBALL

Head Volleyball Coach Stephanie Schleuder was recognized by the USA Volleyball Foundation with a special award at the Dorothy C. Boyce Annual Awards and Recognition Banquet on May 24 in Austin, Texas, at the USA Open Championships.

The Boyce is presented by Molten USA and co-sponsored by Mizuno. Schleuder, who will begin her 10th season at Macalester this fall, was also one of four recipients of the George J. Fisher Leader in Volleyball Award.

JACK ROSSMANN HONORED BY MIAC

Macalester College Faculty Athletic Representative (FAR) Jack Rossmann has been awarded the 2007 Minnesota Intercollegiate Athletic Conference (MIAC) Distinguished Service Award. Rossmann, who recently retired from his positions as Macalester psychology professor and FAR, has served the MIAC since 2000.

Rossmann arrived on the Macalester campus in 1964 and has served as a distinguished professor and member of the Macalester community since that time, influencing a myriad of students, faculty and staff. He has also provided an exceptional level of service to the MIAC in such positions as MIAC President, Vice President, Chair of FARs, Executive Committee Chair and Compliance Committee member. During the MIAC's recent search for a new Executive Director, he also served as the Chair of the Search Committee.

"Dr. Rossmann's involvement with MIAC committees over the past seven years has been extremely valuable to the conference," says MIAC Executive Director Dan McKane. "His leadership and guidance as conference President helped continue the tradition of excellence in the MIAC."

The MIAC Distinguished Service Award is presented to an individual who has made a significant contribution to their institution and to the conference. The award is the highest honor bestowed upon an individual from the MIAC.

ATHLETIC DIRECTOR'S MESSAGE, CONTINUED FROM P. 1

our soccer and football teams. In sum, it's a tremendous project that will take shape over the course of the new few months.

What I must continue to publicize (and which continues to give me a broad smile!) is that by August 2008, Macalester will have addressed EVERY athletics facility issue from stadium turf to the MARC to the tennis courts to the baseball/softball complex. In three years we will have created something spectacular, something that will have a tremendous impact. I know of no other institution or situation that can boast of such a feat. Mac certainly has made a tremendous commitment to athletics, recreation and wellness.

But it's not just buildings that are converging at the right time. It's also people and ideas. On the one hand, we have made great strides in our recruiting processes, utilizing alumni just like you as well as working with our colleagues in Admissions. We are better able to identify and communicate with potential students, and our coaches can work smartly and efficiently. On the other hand, I believe we have great leaders who have converged at the right place. President Rosenberg has been a guiding hand in the support of these projects and of athletics and recreation in general. We have coaches and staff that are not just talented, but visionary, thinking about innovative ways to recruit, manage and educate students. And finally, I would add one more thing to our con-

vergence ... energy and passion. I often observe our coaches who find the energy to work long days and long weeks. I see our students who commit to both excellence in the classroom as well as excellence on the field. I see our leaders who get pulled in many directions, but ultimately make sound decisions that have the students' interests at heart. These people care! They care about Macalester and they care about our future in athletics.

So look to the future! Look with open eyes to the possibilities that are before us. It's going to be a heck of a ride!

TRAVIS FEEZELL
ATHLETICS DIRECTOR

PRESIDENT'S

Message

Greetings M Clubbers,

First, thank you to everyone who participated in the M Club Fund drive this year. Even though our overall tally was less than the previous year, participation increased dramatically. Your giving enhances the athletic experience for our current athletes and allows M Club to perform its role at Macalester. Again, I thank you.

Much of the current excitement at M Club is generated by our Board of Directors. Whether it's attending athletic or M Club events, greeting current athletes and coaches, serving as M Club "ambassadors" at Reunion or making fund drive calls, they are spreading the good news about athletics and Macalester College. In addition, our regional directors are ready to begin hosting events for M Clubbers in and around Philadelphia, New York City, Chicago and Seattle. With this in mind, join in on the excitement. This year we'll be hosting "M Club Invitational" events for each sport throughout the calendar year.

This fall, the M Club will be assisting the Student Athletic Advisory Committee with their projects. In early November, we will again sponsor the annual M Club Career Night, where athletes talk with recent grads about their work and how they got there. Recent grads interested in helping out should contact S.A.A.C. Advisor Paula Natvig at 651-696-6162 or natvig@macalester.edu. This is a great opportunity to meet these outstanding student scholars, so be sure to contact Paula.

Lastly, congratulations to Jim Anderson, Tom Hosier, Jim Reissner, Jen Scanlon and Richard Shipman as this year's inductees into the Hall of Fame. Each of the inductees has made incredible contributions to Macalester athletics and is most deserving of this honor. Join me on October 20 as we all share our pride in these great athletes and coaches. Also honored that evening will

be 2006-07 Macalester Athletes of the Year Annie Borton (soccer, basketball) and Ted Kimble (baseball). If you've not received an invitation to this event before and would like to be added to the mailing list, contact Manager of Special Events Erlene Lagerquist at 651-696-6067 or lagerquist@macalester.edu.

Be sure to visit the Macalester Athletics web page at www.macalester.edu/athletics to keep an eye on the MARC construction. This magnificent structure will serve as a resounding reminder of the significance of athletics and recreation at Macalester College. With that in mind ...

LET'S GO MAC!

Where Are You?

During the MARC construction project, we have had many questions about where we have relocated our Athletics Department and our sporting events. Here are the details:

ATHLETICS DEPARTMENT OFFICES

All athletics offices are located at the Church of the Immaculate Heart of Mary (IHM) at 1550 Summit Avenue, one block east of the intersection of Snelling & Summit Avenues. All phone numbers remain the same.

VOLLEYBALL

For fall 2007, all volleyball matches will be played as away contests. In 2008, all MIAC games will be played as Macalester home contests.

BASKETBALL

Macalester's basketball teams will play their home games at the College of St. Catherine. All dates will be men's/women's doubleheaders

SWIMMING AND DIVING/WOMEN'S WATER POLO

The swimming & diving and water polo teams will practice primarily at St. Kate's and will host no home dual meets or events.

WOMEN'S SOFTBALL/ MEN'S BASEBALL

Construction will continue into the spring on the new baseball and softball complex located adjacent to the Macalester stadium. As a result, home games scheduled for the spring 2008 season will be located at a site to be determined.

FOOTBALL, SOCCER, TRACK AND TENNIS

These teams will be unaffected by construction and will play their regular home contests at the Macalester Stadium and tennis courts.

FOR UP-TO-DATE INFORMATION ON SCHEDULES AND LOCATIONS, CHECK THE MACALESTER ATHLETICS WEBSITE AT WWW.MACALESTER.EDU/ATHLETICS.

Athletes of the year

Ted Kimble (Sr., Pine Island, Minn.) and Annie Borton (Sr., Berkeley, Calif.) were named 2006–07 Athletes of the Year when the 2006–07 major Athletic Department awards were presented at the annual awards banquet April 27 at Alexander G. Hill Ballroom. Kimble is a baseball player and Borton plays soccer and basketball.

Kimble has been a four-year standout for the Macalester baseball team, both on the mound and in center field, and in his senior season developed into one of the top pitchers in the conference. He ranks among the MIAC pitching leaders in earned run average, strikeouts and innings pitched, and over spring break in Phoenix he pitched the Scots to an upset

win over the nation's fourth-ranked team—the College of New Jersey. He is 5–2 on the season with a 3.00 earned run average.

Borton wrapped up her career as one of the best players in the history of the Macalester women's soccer program, earning All-America honors for the third time and all-conference status for the fourth time. Borton netted 10 goals and assisted on 10 others to lead the Scots to another NCAA playoff appearance. She finished her brilliant career ranked second on Mac's all-time list for career goals with 52 and career assists with 37. Borton joined the basketball team as a junior, helping to provide leadership for the turn-around of the program.

SPRING SPORT HIGHLIGHTS

Get the whole story at www.macalester.edu/athletics.

MEN'S TRACK & FIELD

Macalester produced an MIAC champion for the eighth time in 10 years when Evan Mitchell (Jr., Minneapolis, Minn.) successfully defended his conference javelin crown. The Scots moved up to sixth place at the MIAC championships, posting their highest finish since 1999. Andrew Yokom (So., Arden Hills, Minn.) was the team's representative at the NCAA Division III Championships, taking ninth in the 400-meter intermediate hurdles.

WOMEN'S TRACK & FIELD

Callie PaStarr (Sr., Minneapolis, Minn.) ran to nationally-ranked times in the 1500 meters, earning All-America honors with a seventh-place finish in the 1500 at the NCAA Division III championships. Kaela Schramm (Sr., St. Paul, Minn.) capped off her career with another MIAC championship in the 100 hurdles. She also placed second in the 100-meter dash and fourth in both the long jump and triple jump.

SOFTBALL

Led by All-MIAC leadoff batter Katie Grudnowski (Jr., Minnetonka, Minn.), the Scots scored more runs than in the previous two seasons combined. Mac's talented first-year class was led by pitcher Olivia Abbott (Fy., Lakeland, Colo.), an MIAC Pitcher of the Week. Catcher

Crystal Barriga (Fy., Broomfield, Colo.) led the team with 19 runs batted in on the year and belted a grand slam to help Mac win its season-final over Bethel.

BASEBALL

Two of the season's highlights were the hitting of infielder Adam Wedwick (Sr., Coon Rapids, Minn.) and the pitching of James Murrey (Fy., Western Springs, Ill.), the team's two representatives on the all-conference squad. Wedwick led the team with 28 RBI, 33 runs (nearly twice as many as anyone else), six home runs and eight steals. Murrey was one of the MIAC's top newcomers and ranked second in the league in strikeouts. Receiving honorable mention all-conference honors were second baseman Chris Papalia (Sr., Pickering, Ont.) and pitcher Ted Kimble (Sr., Pine Island, Minn.).

MEN'S TENNIS

Led by three players from Tucson, Arizona, at the top of the singles lineup—Brad Goldstein '08, Aaron Heerboth '08 and Charlie Edelman '09—the Scots went 7-10 on the season. Goldstein received All-MIAC recognition for his success at No. 1 singles, finishing at 12-5 on the season and 5-4 in league play. Edelman posted a 9-4 record at third singles, while Andy Kessel (Sr., Hinesburg, Vt.) and Tobin Kaufman-Osborn (Sr., Walla Walla, Wash.) each compiled winning slates at the bottom of the singles lineup.

WOMEN'S TENNIS

After claiming just a single MIAC victory in '06, the Macalester women were much improved this spring, finish-

ing at 6-12 overall. Megan Walsh (So., Madison, Wis.) and Stephanie Lee (Fy., Camarillo, Calif.) occupied the top two spots in the singles lineup, while Amanda Wenzel (Fy., Green Bay, Wis.) led the team in wins with an 11-7 mark at No. 3. Former high school teammates Walsh '09 and Becky Nieber '09 (Madison, Wis.) combined for a 6-8 record at No. 2 doubles.

WOMEN'S WATER POLO

The Scots re-claimed the Midwest Region Championship as an underdog No. 4 seed to make a return trip to the Collegiate III national tourney in Santa Cruz, California. Jackie DeLuca (Sr., New Preston, Conn.) was named region Player of the Year for the fourth time and made the all-tournament team at nationals. Newcomer Sarah Ellerton (Fy., Suffield, Conn.) netted at least one goal in the season's first 30 games and broke DeLuca's single-season scoring record with 92.

WOMEN'S GOLF

Karla Leon (Fy., Quito, Ecuador) earned selection to the NCAA Division III championships in Florida by winning the Loras Invitational in Iowa and placing second at the Eau Claire Invitational in Wisconsin. At the national tournament, she placed 13th out of 111 golfers. Teammate Jordan Matheson (So., Vancouver, B.C.) won medalist honors in April at the MWCGA State Championship, and Coach Martha Nause was picked by her peers as MIAC Coach of the Year.

WEBCASTING

Beginning with the football season-opener Sept. 1, Macalester home athletic events will be once again webcast over the Internet. You can also access live statistical updates and play-by-play summaries of football, soccer, basketball, baseball and softball games. Check it out at

MACHAC

bigger & better than ever

The 18th annual Mac Hac Golf Tournament—sponsored by McGough Construction—was held Friday, June 1, at Oak Marsh Golf Club in Oakdale. The Athletic Department's main fund-raising event was a great success with 104 players, 25 percent more than a year ago. The scramble tournament was followed by a dinner, silent auction and raffle at the Oak Marsh banquet facility.
