Digitizing the Past to Preserve the Future
Our process and outcome in deciding on:

- Project management
- What to digitize
- Small projects and larger projects
- Equipment selection
- Our software choices and hosting options
- How to publicize our collections
- What went well, what didn't go so well
- Where are we going from here

Why?

What is the purpose of digitization?

What outcome do we want to see?
What?

What do we have that can be digitized?

What has already been digitized?
